	is located at Verinsko.	ot of the Bulgarian Army, cu The gasoline is stored in t and those containing 80,00	anks of two sizes th	nds, nose	
2.	The depot is guarded by 15 to 20 camoufleged tanks.				
3.	In order to detect these tanks from the air, the railroad line from Sofia to Plovdiv must be followed; 15 kilometers beyond the station of Vakarel and the village of Verinsko. The tanks are located in a small valley between the railroad station and the village. Vakarel is easily detected from the air because the antenna of the Sofia radio station stands out clearly on the terrain.
